

# Forest Art Project

Badger and Fox discover that their friend, Packer, likes to make things. He is constantly looking for new materials, especially objects that are shiny, sparkly, and bright. Help Packer explore the woods and find things that he can use in his next project.

## Packer's Creative Adventure

- 1) Look inside the boots to find something shiny
- 2) Collect three small, shiny buttons
- 3) Take off a foil ribbon from a gift you received
- 4) Ask a bird if there is a sparkly item nearby
- 5) Pick up a dewy stick and a bright green leaf
- 6) Eat a shiny apple from the basket and imagine how to make a little sailboat from the leaf, stick, ribbon, and buttons
